

October 2012

Dear Saints of our Lord and Saviour Jesus Christ,

New Baby:

I have been waiting to put out this letter to inform you of the arrival of the newest edition to the Davis family, Julia Grace

Davis (Rom. 16:15). She was born on October 8th 2012 at 8:44pm, weighing 7lbs.1oz. and 18 and a half inches long. Mother and baby are doing very well. Amy said this was her best delivery she has had. The boys were very excited to see their little sister for the first time and they are already spoiling her. Thank you for your prayers; we can tell they did wonders.

Health:

My health has returned and I am feeling better than I have for many years!!! I have been so very sick since my last letter. I really had trouble getting out of bed and was in great pain day and night. I could not function

without prednisone and pain medication. I have had lots of medical tests done. The test showed I have inflammatory and irritable bowel disease. My blood work came back positive for crohn's disease as

well. I also was diagnosed with an auto-immune disorder (The body attacks and tries to destroy itself). It's no wonder I have been so sick. During all this I found out that I had become allergic to food. If I fasted I felt fairly good but when I ate within 5-10 minutes I became very sick with flu like symptoms (fever, joint pain, sweating etc.) It made no difference what I did or did not eat. There were a lot of health advice and opinions I tried but nothing worked. So I was very sick. I thought I would be telling you all that I could not continue this ministry. Had the Lord wanted me to stop or was the Devil sifting me like wheat? Thankfully the Lord allowed Christians to help me at just the right moment. It was just the right timing because I needed to first realize that I could not eat without getting sick. Had I not understood this I may not have tried to focus on changing my diet at all. I knew it had to do with my diet but I thought I had tried everything out there. I write this information because I know there are dear brothers and sisters in Christ and your family members that are sick with diabetes, lupus, crohn's, auto immune, hyper active, ADD, dyslexia, autism, alztimers, epilepsies, depression or some

type of psychological burden. My advice for you is that you need to go on this diet I went on. There is hope for you and your family and friends! There is no product to buy or multi-level marketing involved! You just need a book written by a doctor

whose son and patients had suffered from these illnesses. In just a little over two weeks I was off all medication. No pain and each week I have been growing stronger and healthier. Within three weeks I was virtually healthy. For almost two months I have been on this diet and I feel really good. My arthritis pain has also diminished. I still have back and neck pain only because this is structural in nature. What a relief-- I thank

the Lord for His everlasting mercy and grace! To clarify this is not a "diet" in the sense to lose weight but a dietary regiment. This will help you lose weight though and curve your appetite for sweets if you are looking to do so. Consequently if you need help get the book from your library or just buy it. It is called, "Gut

and Psychology Syndrome” by Dr. Natasha Campbell-McBride, MD.” It is known as the GAPS diet. We are all unique and we will all heal at different rates but I believe this will help you to serve the Lord and each other better. 3Jo 1:2

Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth.

Campuses:

Due to my health, procedures, and the baby coming I have not been out to the campuses like I wish but the local ones have been profitable. Unfortunately as usual I have had the run-ins with the campus dictators. I would ask for prayer from you about this matter. I just dread going to a new campus or ones that are not supporting our rights. I dislike having to go through a big ordeal in explaining the law which they do not care to respect over their “policies”. It just eats up my time that I do have in dealing with the students about their souls. The next paragraph will tell you how I believe the Lord will help with this discouragement plus reaching more students.

Help Ministering:

Bro. Sawn Bishop will be joining me in traveling to campuses up north as well as down south. I am excited to have a great brother to work with. We shall go two by two so

please pray for our oneness in mind and that there be no divisions among us. I would ask that you would consider sending

him support to our

Evangelism Missions address in care of his name. He will have needs and this is an opportunity for you to help fill them for the gospel’s sake. There will be an added expense but together we will be much more profitable for the Lord. I will be traveling to meet up with Sawn at the end of this month. We are about to do a

very diligent tour to the campuses in the Northeast. With my health now restored I will be traveling in NY, MA, NH, PA and depending how the weather holds up possible a few more states before we work south.

Funds:

We would like to get our motor home traded in for something

else. It is hard to believe but we have had this RV for over five years and our needs have now changed. Also, with the fuel prices I believe a camper would help us as save money that we could use for the ministry. However, we are upside down to be able to trade. It is a lot of stress to sell it out right because we have to empty out most of our belongings to show it. We have had three people say they wanted to buy it only to change their mind shortly after. People today are too fickle. If we trade

in our RV we will avoid all this in one day. Therefore, please consider sending some large amount so we could pay the difference when trading our motor home in. We will need at least \$25,000.00 with what dealerships want to give us for a whole sale trade price. We have to pay this loan off before we can do this. We would like to be debt free in our service for Christ. You can never out give God and I know that he will repay your generosity if you will sow cheerfully and faithfully.

We thank you for your prayers, support and care for us all. May the Lord richly bless you all as you strive to live for him!

Because of Christ Jesus our Lord,

The Greg Davis Family
