

September 2014

Greetings dear Brothers and Sisters in the name of our Lord and only Savior Jesus Christ!

I have been waiting in anticipation for the campuses to open. They finally did and we were so excited to again spread the word to students.

Until heaven and we will never fully know the extent of our impact for Christ but here is a little glimpse of what I saw happening recently on campuses.

While in Troy, New York we visited the elite, R.P.I. College. This is where many of the smart ones attend. Everything went well, lots of tracks were being distributed I had some great one to ones. I started preaching the gospel in the open air and not before too long I had a student named, Will approach me. He wanted to know more about what I was saying. I recall him asking many good questions and

although I did not see him fall on his knees call and upon the name of the Lord then he was very grateful and thanked me for speaking to him. Please pray for Will.

I had another good one to one at R.P.I. that I caught on camera with a student whose name is Dakota. Rather than taking up space here I have just inserted a link with excerpts from our conversation. <http://www.biblegreg.com/video/r-i-p-or-r-p-i>

Later that day a student name, Jessica came to speak with me. At first I honestly thought she was going to be the typical type that express how we should not be sharing our faith openly but make friends and wait for them to ask us about our Christianity. As bible believers, we know the gospel is the power of God unto salvation not our friendliness our lifestyle. Of course, that is not to say that we are not to be friendly and live godly. In any event, I came to find out that she was a believer. Jessica told me she was overwhelmingly encouraged by our presence there and the preaching. In fact, she said that we were an answer to her prayers. She told me she had been praying to meet some other Christians and be encouraged to share her faith on campus. It can be very discouraging on campuses as a Christian student being bombarded with the ungodly teaching and influences. Please remember her in prayer.

Campus Officer Scoffs Law & Federal Court!

We had a blessed time at Hudson Valley Community College again. However, just as we were loading up to leave at the end of the day two campus security officers approached our vehicle. The one officer said that we could not even pass out Gospel tracts unless approved by the campus. When citing my Federal Court case he interrupted me and said he didn't

care what the Federal Court had to say. Praise God we were finished and leaving so the damage was already done to the kingdom of darkness. There' was no point in wasting our time when we could be redeeming the time so I just walked away disgusted at his ignorance and lack of wanting to uphold the law over campus policy. Sadly this is what the Schenectady City Police told me before they arrested me in 2006. Here is the short video clip from the camera on my phone: <http://www.biblegreg.com/video/campus-officer-scoffs-law-federal-court>

Speaking of Schenectady County Community College, the doors still remain wide open to spread the Gospel. We visited SCCC in the second week of September with no problems whatsoever. It was a blessing to show my boys where their dad was arrested for the cause of Christ. Now eight years later there were eight hands passing out tracts at SCCC instead of just two. :-*As arrows are in the hand of a mighty man; so are children of the youth.*" (Psalms 127:4)

Here' is a video clip from Mohawk Community College of a student who at first professed to be an atheist but then change His statement..

Watch the boys singing and tracting at Syracuse University and Onondaga Community College. <http://www.biblegreg.com/video/davis-boys-su-occ-fall-2014>

Sadly, I accidentally deleted lots of pictures and videos. Maybe this was

a blessing because this letter has taken a week to edit and space would fail me to tell of the other campuses but all went well at them too. However, I felt you would like to hear this final story.

Both, Josiah and Joseph recently made professions of faith in our Lord Jesus Christ since our last prayer letter! While parked at a local church ground I walked in the church building to find Josiah and Joseph preaching to their imaginary congregation. I gathered the boys

around to sing some hymns to praise our Lord and Saviour as we often do. After several hymns Josiah said, "Dad let's pray." We got our faces began to pray aloud individually. Sometime later, Josiah moved close to me with tears streaming down his face and said, "Dad I don't want to sin anymore, I want to get saved." After he called out to God to save him I gave him a hug and he immediately turn to Joseph, and grabbed him by his shoulders and shook him, looking him in the face saying, "Joseph you need to get saved, you need to trust

Jesus right now!" Yes, conversion makes us a soul winner with concern about other people's souls. Josiah had told me that he had wanted to get saved for a while but was afraid to ask. I'm glad he overcame his fear! Before going to bed that night he told me, "Dad, now I'll only die once!" The next morning when Josiah awoke he had a great big smile on his face, looked at me and said, "Dad, You know what? God cast my sins in the depths of the sea!" I'll tell you this all sure blessed my heart.

Josiah continued to witness to

Joseph the next day. When I left for a doctor's appointment I noticed that Joseph was sitting outside our camper reading his Bible. Upon returning a good while later he was still there sitting reading his Bible. He told me he had been there the whole time reading. Afterward I saw Josiah and him sitting under a tree reading the Bible and

conversing together. Later that day Joseph approached me and told me he too wanted to trust Christ. I was a little reluctant and wanted to make

sure he was not just doing this because Josiah had done it out of a copycat reaction. I believe he was

sincere and understood his commitment and so after talking with him he called on our Lord for salvation. Well they since both pressed me to be baptized and we did so at the Baptist Retreat on Labor Day. How fitting because we know that we have rested from our labors and entered in to Christ's labors. *Heb. 4:9 " There remaineth therefore a rest to the people of God. 10 For he that is entered into his rest, he also hath ceased from his own works, as God did from his. 11 Let us labour therefore to enter into that rest, lest any man fall after the same example of unbelief."* Glory to God!

Please continue praying for the many campuses ahead as we are off to several states. Also, I have made plans to take a trip into Mexico and down to Belize in December when the campuses are out to preach.
