## Evangelizing Belize, CA

April 2016

*Praise the Lord for the fields:*  
There were over forty people that came this past Sunday the, 24th. This took place in a very poor

with a dirt floor. We had some adults but mainly children come. Many of their parents were out digging their wells deeper as they

shack to shack. It is hard to believe what they live in. All who came were as a result of inviting them that very morning. That

area. I have been praying about this community for a few months now. There is a brother, Cavillo who lives there and has a shed with an over hang made out of leaves. This helps block the sun where we gather. His house is what we would also call a shed

were out of water that day due to the dry season. I would love to get a portable well drilling kit and help put in wells for them for there is such a need. We went from house to house that morning to pass tracts and invite everyone. I should say from

wouldn't happen in America. They just dropped what they were doing (except those digging) and came. They did not know the song, "The B-I-B-L-E" but they learned it really fast and so I wanted to post the link: <https://youtu.be/iQKMqnB3Lvc>

dropping Sam back off from discipling. It was perfect timing and I shared the gospel with Elroy who asked the Lord to save him. Praise God! Then there was Ida who I was able to talk to because of Sam. She told me while I was showing her an illustration of salvation

separate days. Our goal is to give a tract to every student on campus. Above is a picture of me teaching a christian student named, Keile at the campus last Friday the, 22nd.

**Discipleship:**

I have had a blessed time discipling lately. I have been praying for the Lord to give me men that I could teach. After I finished preaching one recent Sunday I spoke with Sam (31 yrs., In red below) who told me it was like a weight was lifted off his back and he wanted to live

being by grace and not works, "Now I see it, now I understand!" Pray for her as I would like to see her trust in Jesus Christ too.

**On TV in Belize:**

I was approached by the TV station here and asked if I would come on in to record 5 minute teachings or devotions from the Bible. There is no charge and they broadcast nation wide so it is a great opportunity. Better yet it is about 600 feet away from our apartment. Later I was invited to come on another show that airs weekly and has a large viewing audience. Please keep this in your prayers as I have some very specific things I would like to address outside the Gospel.

into the bible with him before he left Belize. He went back to the states and will not return until the end of May sometime. Many things happen at wells. Please pray for the Water of Life to be drunk!

for the Lord from here on. I told him I would be willing to disciple him if he wanted. He was very thankful and agreed to meet me at my request the next day at 6 am. It was encouraging that he had a willing heart to meet that early. Well he has been doing really well and bearing fruit. He went with us last Sunday and was a big help. Sam speaks Spanish and I needed him to help interpret for me. Sam also told me about an 18 year old named, Elroy that he started to witness to. Sam said Elroy wanted to speak to me. We met up with him one morning after I was

**University of Belize:**

Campus evangelism has been going very well. We have given out hundreds

of tracts. Some students are now receiving several different tracts on
