

The Davis Family

Evangelizing Belize, CA

August 2017

Church Addition:

The featured picture above shows the youngest Aberego boy (Yo-lee) holding a curious George monkey I gave him. The family are a real blessing and all the children are some of the best behaved. Many of these families live in what we would call primitive conditions. Such as dirt floors, no power or running water. Yet it does not take much to make them happy like this little boy. May we learn to reflect on the important things of life.

To the right is some pictures of the newest addition to the Sho family for her first visit to meet with our church. She was born on her sister's birthday (Seen to the right held by her grandma).

Thanks to, Tommy Trucks who made a church sign and some scripture banners for the building we meet in. The building is on a main road so I pray that God's word effects all that see God's word on them.

Police Ministry:

I continue to meet at three different police agencies every week. It has been great to see many of these officers saved and grow closer to the Lord. There has been some powerful meetings where the Lord has allowed our time to be truly blessed. It is great to see these officers acknowledge that it is the Lord who is keeping them and their city safe. Please pray for them as they lay their life on the line to serve and protect this nation. Many of these officers have to hitch-hike or take a bus a long way to get to work every day. The police station only has three police vehicles and this is all because of donations made by private companies here. This gives you a little insight to the challenges these officers face.

Health Update:

Thank you for your prayers on my health. My recent blood work showed my C reactive protein to be, “non-reactive”. This means I can start lowering my prednisone levels. I have been on high levels for over three months now and have suffered from some of the bad effects of it. Please pray that all goes smooth as I continue to reduce.

Heirloom Donation and Travel:

I met with the Ministry Of Agriculture again to continue the seed donation I set up a year ago. They gave me official letters to bring in the new seeds that I acquired. I plan to travel in October to bring them in. Amy will fly to OH for a month to help with her grandma who is battling with cancer. Please pray for her grandma Lynn.

As always thanks to all that support us by prayer or finances. If you want to help our support needs [click this link](#) or send your tax deductible gift to the address to the right.

Yours faithfully,
