

The Davis Family Evangelizing Belize, CA

December 2016

One Year Anniversary:

December the 16th marked our one year anniversary in Belize! The Lord allowed us to do very much in this very short time frame. We have started a new Church plant. A new weekly ministry to both the police academy and the police station. I also minister weekly to the Mayor and City council which is new. We have a new university outreach and I minister on T. V. We have distributed lots of tracts and bibles. As well there is the *“Greg Davis Heirloom Seed Donation”* through the Ministry of Agriculture.” All this to His glory!

Permanent Residence:

We applied for our permanent residence. (Pictures above and below) We would ask that you put this on your prayer list if you haven't already done so. This is a very important need for us right now.

The above picture shows Amy and Juila and me as I'm handing the US Ambassador to Belize a New Testament with the plan of salvation in it.

The below photo shows us eating out with our friend, Inspector Patt. He is the Inspector of police in Belmopan Belize.

Below, photo shows Maria from our church smiling while holding the cute baby.

The next picture is of Amy and I receiving our certificates from our Spanish course we took here.

Below, The children and adults are singing, "[A gift to You.](#)" Click this link to watch.

Year End Contributions:

Now is the time to give before the year ends. We need your help to pay for the property here and a building fund. Help build now by sending your support by [clicking this link](#) or send your tax deductible gift to: Evangelism Missions, Lobeco, SC 29931. (Building project)

Yours faithfully,

The Greg Davis Family to Belize

We have a new family the, Sho's coming to our weekly Church gatherings. Please pray as they have had trouble with the Mayan indians. She is a Mayan indian herself. The mother was put under a curse of witchcraft according to them. She has been vomiting blood and feels like there is something in her throat. When she goes to the hospital or doctors they can't find anything. We all know the Lord can set this darkness free.
