

The Davis Family

Evangelizing Belize, CA

July 2016

Goodbye Tribute:

Dan Batt went home to be with our Lord Jesus Christ. Dan and I went together to Belize for my first survey trip. I will never forget why Dan said he wanted to go. He said, "At 68 I may only have 10 years if that left and I want to do something for the Lord before I die." We had such a great time in Belize together and I am grateful for that. He sowed a lot of seeds here as well as other places. We will certainly miss him!

Coming Again

It was a blessing to have my father-in-law, Doug Schwaderer preach for me at our Sunday service. Many of those that come can only speak Spanish so he filled in the gaps. Several of the children and parents asked the Lord to save them! Doug was so excited how open it is here that he is coming back on the 26th of this month to do some more witnessing here to the Spanish areas. Please pray for the harvest and seeds that will be sown!

Choir Surprises

I had enrolled our two boys, Josiah and Joseph in the Belmopan choir. Many doors of witness have been opened through this. The last singing event for the year was held at the Venezuela Embassy here in Belmopan. I met a number of diplomats after the event and was able to share the great news of Christ with some of them. A few of them have invited us to visit them and I am hopeful for these future opportunities to share Christ again.

Property:

I have been looking for land as many of you know. Please keep praying about this and for the funds to be able to purchase such a place. Besides having a building to meet in I would like to have a place for people to stay. My vision is to have groups come here from the US and stay for 1-2 weeks to reach out to Belizeans with the gospel and community projects. He is worthy!

Coming and Going:

Some people here will find a peace of property and just move on it. It might be owned by an individual, company or be government owned land but they will move there and build. Two families here disappeared with house (shed) and all because they were told it was city owned property. The sad part is I do not know where they moved to but I am hopeful I will see them again soon. On the positive side there is a new family that has moved in the neighborhood. We have been able to spend time with the two young boys, Brian and Julio. Brian has to work on Sundays but Julio has been attending our Sunday services here. He is picking up very quickly on the Bible teaching. Thanks for praying for the boy, Louis. I have noticed a difference in him and have seen some smiles lately. All the children are really progressing!

Reward of Reading:

While passing out tracts at the market a lady stopped Josiah and asked him if he was able to read what he was giving out. To everyones surprise he opened it and began to read this tract that he had never read before. Here is a link to view what happened and the surprised faces. [Watch Video Here!](#)

LGBT:

Sadly the US Embassy raised the LGBT flag here in Belize. Please pray as their agenda is being pushed on this country.

Thanks for all who give to His cause! Send support now by [clicking this link](#) or send your tax deductible gift to: Evangelism Missions, Lobeco, SC In 29931.
