

# The Davis Family

## Evangelizing Belize, CA

October 2016

### Bibles:

I presented the Special Forces unit in Belmopan Belize with King James Bibles that were donated from BLMF in Shelbyville TN. There were 42 officers that needed a Bible. You should have seen the excitement on their faces. It is now easier for them to find the book and chapter I am on by calling out the page number. Please keep praying for these officers that I see every week.

### Visit:

A good pastor friend of mine, Buddy Maynard and his wife Chris came to visit us. I had Buddy preach for Sunday and I asked him to sing some of his special songs. The kids really loved the singing and were glued to his every word. The time was too short but we had enjoyed our brief fellowship.

### Hurricane Mathew:

The wall of the eye of hurricane Mathew hit directly at our home Church base. I was certain that I would have to leave Belize and head back. I

was up a lot of the night praying as the storm was pelting. To the praise of Christ Jesus we were left with no damage at all! Not one of our Church family was hurt and two families are right on the coast. He is still in the miracle making.

Praise Him, Praise Him Jesus our blessed redeemer!

### Campus:

Please keep praying for the student here. Below are a few new pictures of our children tracting.

## Mission Base Acquired:

I was able to secure property to use as our mission base. My boys and some of the youths from our Church here came out to help clear it. As we headed there we saw a large Tommy Goff snake dead on the road (picture on Rt.) With good reason the boys were hesitant to

start using their machete because these snakes are aggressive and have a strong, fast acting hemotoxic venom. Also, they don't slither away like most snakes do. Yes, we did pray.

## Building Contractors Needed:

Are you ready for a mission trip to help build His Church? If you, or someone you know is a carpenter or metal roofer you are now called to come to Belize! Attentive time frame will be December/January. So get out of the cold for a week or as much time as you can spare to help erect our mission base. A brother architect has volunteered to draw the plans. Once this is up we will be able to host teams to come for mission trips. Contact us now to answer this call! Can't physically build? Then help build now by sending your support by [clicking this link](#) or send your tax deductible gift to: Evangelism Missions, Lobeco, SC 29931. (Building project)
