

The Davis Family

Evangelizing Belize, CA

May 2018

Church News:

The featured photo above shows Amy and a few of the kids from church that helped make the piñata. We finally finished it and have decided to wait for cooler days as it is blistering hot this time of year.

We also had a number of families that have moved. They had been squatting on city land (jungle) for years. Now the City has finally evicted them due to new development plans. Please pray as it is very difficult for these families who were moved from our church, their home and schools to other towns. I guess the good news is they didn't have much of a house as we would. They had dirt floors, no electric, well or city water and only hammocks for beds.

Mission House:

We have finally added a down stairs to our mission house. The original part was just an 17x 24 and now we made the down stairs 17x40. If you'd like to help us support and finish this building project please consider giving towards the building by clicking this link: [Building Fund](#).

Public Schools:

Our new school outreach is still going very well. Each week we rotate to a higher grade class. I get a lot of kids now that run up to me to say hi. I try to have a good time with them and they really open up. I had a girl that came up to me and said, "I love you cause you are so funny!" That certainly made my day. I usually open in prayer, play the guitar and give them an object lesson. Then Amy teaches them a bible story with a illustrated bible story book. The children like to see the pictures and imagine what it was like back in Bible times.

The last picture shows two large swing sets at the school. One day I was looking at them only to notice the most important parts were missing, swings. What good are swing sets with no swings? This was rather sad as it is a common sight at schools and parks in Belize. On the same note, what good are church buildings with no people or Christian's with out the the message of the gospel? The devil would love to have us look like Christians but with no motion to us. I am sure the swings didn't all just disappear at once. So

Thanks to all those who support us by prayer or finances. To partner with us [click this link](#) or send your tax deductible gift to the address below.

Yours faithfully,

The Greg Davis Family
