

{FIRST_NAME|Dear Saint(s)}

\$ Help needed:

Our van ran completely out of oil on Sunday the 30th Dec. Thankfully, it was after I dropped everyone off from church. The roads are not what you would call roads and I hit the oil pan making it leak completely out of oil.

The engine would need to be entirely rebuilt and the cost was \$2,000.00 USD just to rebuild. I was only getting 8 MPG and it is supposed to get 25 MPG. I found another engine in the states for \$750.00 USD and a man that will be able to ship it here around the end of the month. I am hoping this will end up costing \$2,000.00 for engine, shipping and installed.

I do not have another vehicle so I must have this fixed ASAP. Please consider giving to this need. You can [click this link](#) to help or send your tax deductible gift to our support address to your right. Please note that we need these funds immediately as we have to pay now.

Thanks for your care,
