3 Year Anniversary!

Last month on December 16th, 2018 we had our three year anniversary of living full time in Belize. Our Lord Jesus Christ opened lots of opportunities for us during these three years. There were also many things that He allowed to happen in getting us here. Leaving by faith without raising support was perhaps one of the biggest ways

we trusted in the Lord and seen His provisional hand at work. I believed that God would move on saints hearts to make up any difference for what we lacked. Becoming residence of Belize in such a short time, the approval of my work permits, our church plant, sitting each week with the Mayor and City Councilors for prayer and bible devotions, being a police chaplain for the police head-corders, academy, intelligence head-corders, preaching in public schools and my better health situation are a few of the wonderful things our Lord allowed to happen! Even through my struggles the Lord has been faithful and I must keep in mind His promises such as, *we are more than conquerors, who can be against us and our labor is not in vain.* Thank you Jesus Christ!

The Gift!

Our local church body has been really blessed here as of late. I met some Christians with Word of Life and invited them in to speak to the youth one Saturday. Even though several families were away we still had a very good attendance. We shared how salvation is a gift. As an illustration the children were each given gifts but they had to choose to come up and receive the gift. It is not difficult to receive gifts and how much of a greater lovely gift could we receive than God's only begotten Son!!

Blown Engine Update:

I was blessed by the responsive giving! With the funds I have purchased an engine with 166,000 miles for \$750.00 USD. It should arrive by the end of the month Lord willing. Please pray for a low import duty cost. Taxes can be very subjective here.

Thanks to all who are praying for us! Things are much more peaceful and I have a lot more liberty in outreach. Keep praying!

Yours Faithfully,
