

# The Davis Family Evangelizing Belize

April 2022

## SAFELY BACK:

We made it safely back to the US. We'll be here for the summer to get all our medical stuff taken care of and then return. I was able to lower my prednisone while in Belize! I couldn't do that while in the states for some reason. I am planning on trying a different medication to get me off of the prednisone for a bit. I attempted to do this before we left with a certain chemo drug but my liver was so bad I had to stop after three weeks. Please keep this in your prayers.

Overall we really got a lot of things accomplished which should make our return much easier than last time.

## NEW PHOTO:

We took some new photos before we left. They repainted the letters, adding themes from Belize. We hope you like it!

## REMINDER:

My letters will switch to quarterly until we return.

**BELIZE TV:**

We were asked to come back on, Plus TV in Belize for another interview. Fem Cruz, is the TV host who does the interviews. He is a great and humble christian. Please pray for him as he has been diagnosed with Parkinson's disease.

**POLICE:**

Since COVID, the police Headquarter's officers and I have been meeting at the Academy. The first photo to the right, was taken at the police academy where I am seen playing my guitar. I like that it is held there, because there is a lot more room, which has boosted the attendance.

In the last photo the police are lined up to receive rewards for outstanding achievements.

I am very thankful for the souls that came to Christ this year at all the police outlets. Glory to God in the highest!

Thanks again to all who pray and support us!

Yours faithfully,

The Greg Davis Family
