

# The Davis Family Evangelizing Belize

July 2022

## Belize Bus:

To the right, is a bus that we passed while heading back to our mission house. Likely, it's one that stops at the landfill; which is the worst dump I have ever seen. There are men and women who rummage through this most putrid smelling dump. They must have the strongest immune system in the world and no sense of smell. For them, they see a value in this stuff and don't mind wading in the heaps of garbage to get it. I am thankful the Lord saw a value in us and was willing to rummage and pull us out of the most vilest of circumstances. Like the Belize landfill, most of us do not want to hang around those that we regard as, "smelly."

Yet, I had the privilege to visit the Niagara Falls Gospel Missions this month with Bro. Shaun Smith in the next photo. He started the Mission there and ran it for 9 years. I was encourage to speak with those

that serve there now. It was a blessing to hear the testimonies from these men that the Lord Jesus had saved from off the streets. Perhaps most of us would have ignored these men like this when evangelizing. Yet, no matter how smelly and discarded some may seem to us, we should always keep in mind that they too, are a treasure the Lord died for!

**CLIDE:**

You may recall that during my first trip to Belize, (2014) I met a young man named, Clyde at the Belize Airport. I witnessed to him and promised to give him a Bible; which I did on my second trip. Clyde was so very grateful to receive that Bible. Then, we met up again in October of 2017 (Photo To the right). We stopped by his job before we left this time but he wasn't working that day. Anyhow, he reached out to me at the end of May because he had been in a motorcycle accident. Thankfully he only sustained major injury to his right foot. Please pray for his continued healing and salvation.

Great thanks to all who pray and support us!

Yours faithfully,

The Greg Davis Family
