The Davis Family Evangelizing Belize

IMMIGRATION UPDATE:

I couldn't even imagine that I would be giving an immigration update; especially after explaining in my last letter that crossing the border, as I had hoped, was not realistic. As it turned out, I met someone who told me I qualified for a residency program. Initially, this was for those who were stranded here because of Covid, but the government opened it back up for anyone who had four entries before 2020, which I had. The whole process at immigration took about three hours, which seems a miracle in itself. In the end, I now have four straight years of temporary residence! No more border crossing hassles! After four years, it can go right into permanent residence if I choose. The Lord is faithful to answer prayers! *Photo to right, of me and two woman workers after my approval at immigration.*

RECENT SAVLATIONS:

Now that my temporary residency was approved, I was able to travel back three hours to the Capital of Belize. There I resumed my police Chaplin and other ministry outreaches. During this time, there were five souls who professed our Lord, and Savior Jesus Christ for salvation! It sure was a blessing to have the opportunity to go again!

MEXICO MALL:

It certainly is refreshing to see when the tracts are given out here, many of those people stop to read the entire pamphlet. One of my sons had pointed out a man who was reading a gospel tract. I don't recall which one of us had handed it out to him, but he was in very intently, reading it. Once he finished reading the whole track, I approached him and did my best in Spanish to emphasize that it was only through the work of Christ and not our own works, that we are saved.

HEALTH:

Please continue to remember my health in your prayers. I am slowly starting to reduce my prednisone!

Thanks to all who pray and support us!

Yours faithfully,

The Greg Davis Family
