The Davis Family Evangelizing Belize

SAVED AT SEA:

We made a trip to Mexico for some mechanical work and went to support our Spanish Christian friends who have a weekly ministry at the hospital, which includes meals for those in need. One remarkable opportunity unfolded when a government van arrived at the hospital to treat eight of the 12 Cubans rescued by a Norwegian Prima cruise ship from Texas, located approximately 200 nautical miles from Cancun. Brother Johny delivered a heartfelt message, and we distributed gospel tracts to all of them. One Cuban man was deeply moved, weeping with much tears. I thank the Lord for opening the doors, as government workers had to give us permission to speak to them. I estimate we were there for about 25 minutes. Amen! ONE TO ONE:

Another blessed experience was with a 29-year-old man named, Rene. At first he was very cold, resistant and a bit obnoxious. I just kept giving him the gospel and scripturally reasoning by translating with my phone. When discussing God's love, I tried to bring up his parents into the conversation and asked him if his parents were living. He began to tell me that his mother was, but that his dad at 27 was shot and killed. Rene was just nine years old at the time. There was a definite shift in his countenance from then on. From there, I begin to tell him about our heavenly Father's love and Christ laying down His life for us. By the end, he was very grateful and told me he really appreciated our conversation. I was able to present him with a new Bible, which he said he definitely would read. Rene gave me his phone number and I'm hoping we will get to connect one more time before leaving. Please join us in praying for Rene's salvation!

This man in the white to the right prayed to trusted Christ at the hospital!

Yours faithfully,
