

February 2024

The Davis Family Evangelizing Belize

Greetings to all who support our ministry.

I recently went to pray and encourage Officer Rivero, pictured to the right, who underwent the amputation of his leg. Despite the physical challenge he faced, Rivero shared with me a remarkable perspective—he expressed relief from years of debilitating pain that gave him persistent suicidal thoughts. Strangely enough, he hasn't had those thoughts after his amputation. Through our conversation, I had a number of good salvation witnesses, but I am still waiting for him to turn his life over to Christ. I shared Matthew 5:30 and told him it's better to cut off a limb than to die and go to hell, to which he agreed. He explained that policing was hard and that he prayed God would find a way out for him. He believed God answered his prayer by having his leg amputated. Now he is off the force, and will receive disability. He remains very positive.

HEALTH UPDATE:

On February 21, I leaned on the side of my right foot to reach up and grab a box from a shelf when I heard a snap and felt pain in my foot. After three days, I went to the hospital and had an x-ray. It turned out that I had broken my fifth metatarsal bone. The surprising part was that I never actually grabbed anything from the shelf when it broke. However, years of prednisone had made my bones very brittle. I told Officer Rivera I was experiencing sympathy pains for him. Thankfully, he had a pair of crutches for me. I'm not going to risk undergoing any procedures here, so please pray for my foot's healing and mobility.

POLICING:

I am grateful to report that our ministry continues to witness souls professing salvation in Jesus Christ, bringing hope and transformation to many lives! There were two officers whose moms passed away. I also visited an officer in the hospital for health reasons. Please pray for these policemen and their families in these recent matters.

Yours faithfully,

The Greg Davis Family
